SECTION Police

FILE No. 13 of 01

SERIAL No.

Office Note.

Subject: (1) The utilisation of the Travellers' Bungalow at the Under Secretary's Fields for housing the Office Superintendent's Office, the Municipal Court & the City Court's Camp Office.

(2) The conversion of the Geological Office in the Fields into a Travellers Bungalow.

(3) The transfer of the Geological Office to the D.C.W. inspection lodge to ~~the Geological Office~~.

Proposal no 1 is calculated to result in a saving of from Rs 1,000 to Rs 1,200, which is the estimated cost of the new Police Office." But please see appendix C to the printed G.O. of 31st Aug. 1900, in which the amount named for the Police Superintendent's Office is only Rs 5,000.

Proposals nos 2 & 3 ~~must~~ may be first referred to the Geological Secretary & the Chief Engineer for opinion

23-12-0

2: The whole proposal may be referred to the P.W. & Geological Secretaries for favour of opinion.

3-1-02. 24/12/1907

3-1-02.

3. In reply, the Chief Engineer states that he has no objection to the location in the Travellers' Bungalow (K.G.7) of the Office of the Police Superintendent, the Munsiff's Court & the Deputy Commissioner's Camp Office.

Letter No. 276 dt 18-1-02.
SL No 4

4. Meanwhile, the Inspector General of Police, has submitted a revised Estimates for Rs 17096 + Rs 10702 for the Construction of the Police Supdts' quarters + of the ~~this office~~ respectively in the Kolar Gold Fields. The sums sanctioned

therefor in Govt Proceedings No. 3257-60 / J 342 dated the 31st Augu 1900 are respectively Rs 10,00 and 5000. He says that if the proposal made by him re sanctioning the utilization of the holding Travellers' Bungalow for the Supdts office, is sanctioned, the expenditure of Rs 10,702— would be avoided.

A draft reminder to protect the Secy. Govt. Deptt is put up for approval. Proposed. Submitted. 23.1.02

To the Dewan.

39ᵈ

I am sorry these papers have been sent home in a most incomplete and unsatisfactory manner –

No opinion has been obtained of the D.O.W regarding the transfer over of the D.O.W Lodge to the Govt. This must be obtained

Have no objection to the Trustees disposing for the benefit & use it for the Govt Light Office, Dry Dock Camp Office & Mess &c. Orders might issued in that behalf

There can be no objection to the transfer of the Govt. Office as proposed in para 2 of Mr. H's letter 29 Aug 216. A. Under Secretary & others have both visits and the necessary alterations have been performed thereon

Some papers regarding the Entrances of the Dry Docks which are most urgently called for have been filed with them but a reply has gone to the D.O.W till apparently no further action has been taken. I am not certain that the reply has been given such thoughtful attention as

v

The Office has resulted in a great deal of inconvenience - Orders must be sanctioned. The work started & completed as soon as possible - The supply for stores & the original estimate must be explained with full reasons - The fencing is not necessary as it is very expensive - Somebody ought to pay for this expensive item cannot be sanctioned

6.III.02

7/3

Issue the Order please & let me have a note showing what action was taken in the office & when on the proposals.

7/3

Orders issued x

I have from the Office the necessary particulars, & submit the following note for consideration -

x vide order No 14898-903 dated 10th March 1902.

3. With reference to the above order, the Chief Engineer now forwards a revised estimate abstract (amounting to Rs 15,812, (excluding provision for "wire-fencing" disallowed) providing for the quarters and out-houses, and requests formal sanction to the same.

As regards the explanation called for in para 4 of the Govt order of the 10th March last above referred to, for the excess over the original estimate for the quarters of the Police Lupoh, he states that in the original estimate of Rs 12,984 for this building, a sum of Rs 1507 was provided for out-houses, as per plan then approved, but that as the Deputy Com-

boards considered the accommodation provided insufficient; estimate and plan amounting to Rs 3708 (now submitted) were prepared, and that his accounts for the excess. He further states that the estimate of Rs 3357 ~~0000~~ for the out-houses sanctioned in the Govt order above referred to does not provide for establishment and tools and plant charges, they have been included in the revised abstract estimate now submitted.

In his letter No 1705 dated 20th March 1902 the Chief Engineer requests the return of the revised estimate and plan above referred to, as the same are said

to be urgently required by the Superintending Engr Eastern Circle to allow of the work being put in hands.

Submitted for orders.

10. Subject:— Handing over of the D.P.W. Inspection Lodge at the Kolar Gold Fields to the Geological Office:—

In reply to an enquiry made by Govt. in para 1 of their Proceedings No. 14898-903/1266 dated the 10th March 1901, the Chief Engineer states that the said Inspection Lodge

cannot conveniently be made over to the Geological Department unless the present Geological office (which is proposed to be converted into a Travellers' Bungalow) be made available for Inspecting officers.

The Geological Secretary in his letter No. 407 dated the 20th January 1902, has already stated that the "Inspection Lodge would be quite inadequate & unsuitable for a geological office and that he cannot give up the accommodation at present provided for him, unless & until the Govt sanctions suitable accommodation both for the office & for the officers of his department elsewhere on the fields.

S. No-6

These Proposals nos 2 & 3 have to be negatived and communicated to the Inspector General of Police.

Orders have been passed as regards proposal no 1. i.e. utilization of the Travellers' Bungalow for the location of the Police Supdt's office, the Dy Comrs camp office + the Munsiffs' Court etc. Vide para 2 of Govt Pro: No. 14898-903 dated the 10th March 1902 (A question now arises whether it does not now become necessary to cancel the above order has to be cancelled, as under the above arrangement there will be no accommodation for travellers visiting the field.

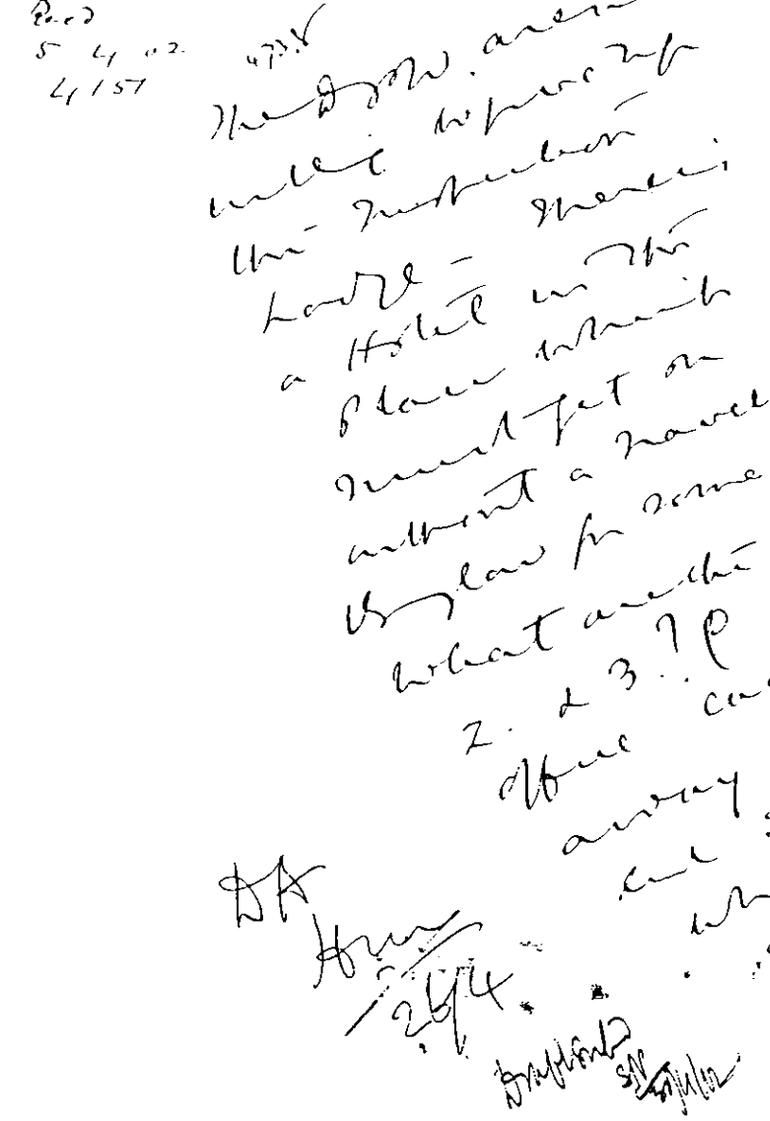
15/4



Office note Contd:—

The Chief Engineer's letter expressing his unwillingness to give up the Inspection Lodge at the Kolar Gold Fields was recorded and Communicated to the I.G. of Police, Dy Com^r, Kolar & Secy to Govt., Geol: Dept. (Govt Proc. No. 17974-7 / 1597 dated the 2nd May 1902).

With reference to the above, the Dy Commissioner, Kolar District, in his letter No. 1757 C. 2275 dated the 20th May 1902, makes certain suggestions as regards the use to which the present Geological building might be put, if the Chief Inspect. of Mines has no objection.

He presumes that from the

architecture of the main building with the gasteromete, it was at one time intended as a dwelling house and office of the Inspector of Mines residing on the field. As however, the building is not used as a residence, he suggests (1) that the office staff of the Inspector of Mines, which is an exceedingly small one, might conveniently accommodated in the South Wing of the Main building and (2) that the North Wing, the Centre hall and two back rooms may be utilized for the accommodation of any of the Superior Officers of Govt. when on a visit to the Gold Fields, or of any Guests of the State on a sight seeing visit to the Mines. In this

Case, a suitable and separate Brahmin Kitchen and bath-room ~~may~~ has to be erected at a convenient distance from the North Wing and Rs 500 has to be spent on ~~furniture~~ matting + furniture + Cooking utensils.

The Dy Comr says that a building of this sort has been a very great desideratum for many years past and states that his suggestions, which are practical from all points of view will be meet the requirements of (a) the Geol: Deptt as regards the Inspector's office, of (b) the P.W. Deptt who will retain their Inspection Lodge and of (c) Superior Inspecting Officers of the State, who up to this time have had no convenient

lace to stop in when visiting
the fields.

If on the other hand, the
Chief Inspector of Mines ~~finds~~
finds it impossible to conveniently
accommodate the Inspector's office
in the Southern Wing of the
building, he (Dy Chief) makes
an alternative suggestion viz
that 3 good rooms with con-
venient bathrooms should
be built as an upper storey
to the present present main
building for the use of Inspecting
officers & the

II. The Deputy Commissioner in his letter No. C.1204 dated 19th March 1903, states that he reduced the establishment of the old Travellers' Bungalow at the Gold Fields to one Servant (a care taker on Rs 8 per mensem) who

is absolutely necessary for the supervision of that building & that the services of other Servants were dispensed with from 7th September 1902, thus effecting a saving of Rs 30 per month.

2. He further requests the sanction of the following Establishment for the "circuit house" or Staff quarters, which is absolutely necessary to overlook the premises, to attend to the wants of visitors and to keep in custody the govt property etc :—

1 Kotwal	on Rs 10	per mensem
1 Mashy	" 10	"
1 Gardener	" 10	"
1 Sweeper	" 8	"
1 Water-cart	" 30	"
	Total Rs 68	per mensem.

3. He adds that the Establishment of the present Geological office (1 Water cart on Rs 30 1 Gardener on Rs 10. & 1 water Coolie on 7½) can be transferred to the Revenue Department. The above Establishment will be merged in the

28
posed establishment of the Staff house. The
ological Deptt requests the supply of two barrels
water daily, for which half the cost of cart
salesman may be charged.

FROM

B. K. Venkataravada Iyengar Esqr

Offg THE INSPECTOR GENERAL OF POLICE IN MYSORE.

To H. C. Nanjundayya Esqr: B.A. B.L.

THE SECRETARY TO THE GOVT. OF MYSORE,

in the GENERAL AND REVENUE DEPARTMENTS.

SIR,

I beg to submit herewith a copy of letter No. C 1105 of the 19th December 1901 from the Deputy Commissioner of the Kolar District suggesting that the travellers bungalow on the Kolar Gold Fields be given over to him for the location in it of the Gold Field Police Superintendent's office, the Moonsiff Court and the Deputy Commissioner's Camp office as very few travellers halt

as the Moonsiff Court and the Deputy Commissioner's Camp office, and no inconvenience has apparently been urged up to now. If the Deputy Commissioner's proposal be sanctioned, not only the large sum of Rs 12000/- estimated to be the cost of constructing an office for the Gold Field Police Superintendent will be saved, but the whole of the Public offices on the Gold Field viz- the Special Magistrate's Court, the Moonsiff's Court, the Deputy Commissioner's office, the Champion Reef Police Station, the lock up and the Police Superintendent's office will be located in buildings situated close to one another on one compact block. - I, therefore, feel no doubt that the Deputy Commissioner's proposal, which creates facilities for the quick despatch of work, will not fail to meet with approval.

2. While on this subject I may perhaps permit myself to make an additional suggestion of transferring the travellers' bungalow establishment to the Geological office and making it the travellers' bungalow, as it is well situated on a high ground and is fit for the accommodation of His Highness the Maharaja, the Dewan and the distinguished guests of the State. — When some of the Maharajas of other States visited the Field they had to be accommodated in the present travellers' bungalow although it was not befitting. — When His Excellency the Viceroy visited the Field a private building had to be used. The Geological office is fit for use on all such grand occasion and the Deputy Commissioner is also of this opinion. — When he and myself saw

saw that building the other day, only one clerk was in it.— The P. W. D inspection lodge may be given to the Geological office. The Executive Engineer of the District Mr: Arumachala Moodaliar and the Public Works Sub Division officer Mr: Lee said that this could be done, and Mr: Lavelle Deputy Inspector of Mines told me and Mr: Carr that he could have no objection to the Geological office being made into travellers' bungalow if another building were given them.

I have the honor to be,

Sir,

Your most obedient Servant

Offg: Inspector General of Police

Enclosure 1 to 6

Kolar Deputy Commissioner's
Office
- Camp Coimbatore Nilgiris

Dated 19th December 1901

From

F. E. C. Carr Esqr.
Deputy Commissioner
Kolar District

To,

B. N. Venkatavarada Iyengar Esqr.
Offg. Inspector General of Police.
in Mysore.

Sir,

With regard to the building of a new office for the Police Superintendent, Kolar Gold Field, plans and estimates for which have been made out in the Eastern Circle Superintending Engineer's office, I would ask you to kindly lay the following suggestion before Government.

2. The present Travellers Bungalow on the Kolar Gold Field is very seldom

used by bonafide travellers, not more than half a dozen having availed themselves of it during the past year. This being the case I would suggest that the Bungalow should be handed over to the Deputy-Commissioner, Kolar District, to be utilized as Government offices on the Gold Field. There is, I think, sufficient accommodation in the building for the office of the Superintendent of Police, and for my Camp Establishment when I visit the Gold Field. One room is being temporarily occupied by the Munsiff when he holds his Court at Champion Reef, and this room is also used by me as a Court room occasionally. Should the Government view with approval this proposal and allow me to close the Bungalow

to travellers, I do not think the public will be in any way inconvenienced, as there is an excellent European Hotel under the management of Mr: Hajee Ismail Sait in the Doregam New Town, which can accommodate all the travellers that are likely to visit the Field.

3/ By the above arrangement too, Government will effect a saving of from Rs 10,000/- to Rs 12000/- which is the estimated cost of the new Police Office.

Another important consideration is that the Travellers' Bungalow is situated next door to the Special Magistrates Court, the Champion Police Station and Lines, the Sub Jail and other Government buildings, and is in the most convenient central position as regards all Police and Magisterial work.

Chamier—

Bangalore

No. DATED 16th January 1902.

Enc.

FROM

B. K. Venkatavarada Iyengar Esqr
Offg. INSPECTOR GENERAL OF POLICE IN MYSORE.

To H. C. Nanjundayya Esqr. B.A, B.L.
SECRETARY TO THE GOVT. OF MYSORE,
in the GENERAL AND REVENUE DEPARTMENTS.

SIR,

In Govt. Order No. 3257/342 of the 31st ultimo
just 1900, certain sums were sanctioned for the
construction of quarters and office for the District
Superintendent of Police of the Kolar Gold Field Circle.
Subsequently some additions were found necessary
both by the Deputy Commissioner of Kolar, and the
permanent Inspector General. Therefore the en-
closed revised Estimates for Rs 17096/ for the
Quarters and Rs 10,702/- for the office were prepared.
As the sums already sanctioned therefor have
been exceeded, the Chief Engineer, in his letter No.
216 of to-day the 16th January 1902, (a copy of which is
enclosed) asks me to obtain the sanction of Govt.
thereto, in the General Department. Accordingly I
solicit early sanction. While on this subject, I
beg to invite reference to the proposal recently
made by the Deputy Commissioner of Kolar and
myself to convert the travellers bungalow on
the Gold Fields into the Superintendent's Office,
the Geological office into travellers bungalow and

the P. W. Inspection lodge into Geological Office. This would avoid an expenditure of Rs 10,702/ for the Superintendent's office.

I have the honor to b

READ—

Report, dated 25th June 1900, by Mr. F. E. C. Carr, Deputy Commissioner, on the administrative arrangements in the Kolar district and particularly on the working of the Police and the Magistracy in the Kolar Gold Fields.

2. Letter, dated the 29th June 1900, from the same Officer, submitting proposals for the Police administration of the Kolar Gold Fields.

3. Letter, Camp No. 50, dated 30th June 1900, from the Inspector General of Police, together with proposition statements.

No. 3257-60—J. 342, DATED BANGALORE, 31ST AUGUST 1900.

ORDER THEREON—With the growth of the Gold Mining industry in the Kolar district, the Government have from time to time improved and strengthened the Police Force attached to the Gold Fields, and they will continue to further improve the same, as occasion arises, in such manner as may be found necessary. The necessity for such further improvement having now arisen, a careful investigation of the Police requirements of the Kolar Gold Fields was recently ordered to be undertaken by the Inspector General of Police and by Mr. F. E. C. Carr, Deputy Commissioner, who was specially deputed for the purpose from the Kadur district.

2. After careful consideration and consultation with Mr. Carr, the Inspector General of Police has submitted his proposals for a thorough re-organization of the Police arrangements now in force in the Gold Fields.

3. The circumstances which call for special attention in connection with the Police administration of the Kolar Gold Fields are:—

1st. The large number of European employees in the Mines, of all grades of culture and social position.

2nd. The absence of adequate supervision over the various operations connected with the extraction of gold carried on within the premises of the different Mines; and

3rd. The consequent need for special watching of the dealings which the Mines' employees carry on with people residing at or in the neighbourhood of the Fields or at a distance from them.

4. For the special protection of the interests of the Kolar Gold Fields, a European Magistrate and Justice of the Peace is already stationed on the spot. A European Assistant Superintendent of Police is also attached to the Fields; but in order that the relations of the Police with the European employees of the Mines may be free from friction of all kinds and that the arrangements for the prevention and detection of crime may be placed at the highest possible standard of efficiency, the Government have now resolved, as an experimental and tentative measure, to place a European Officer of high status and special police experience, as Superintendent of Police, at the head of the Kolar Gold Fields' Force, with jurisdiction over the neighbouring taluks of Bowringpet, Malur and Mulbagal. Application will at once be made to the Hon'ble the Resident in Mysore for obtaining from the British Government the services of a competent Officer for the purpose, for a definite period of three years. The Government are prepared to provide a maximum pay of Rs. 1,000 a month for such an Officer, but the pay actually to be given will depend upon the status of the Officer selected. Including travelling allowance, contribution for pension and exchange compensation allowance, the total cost on account of the new Superintendent of Police is estimated at Rs. 15,000 a year, and to involve an increased cost of Rs. 11,280 per annum, deducting the pay of the present Assistant Superintendent.

5. In Mysore, the Deputy Commissioner is the head of the District Police. The Deputy Commissioner of the Kolar district has always devoted his special attention to the Police administration of the Gold Fields, and this he will continue to do under the new scheme. The Government have further recently transferred for the charge of the Kolar district, as a temporary measure, Mr. F. E. C. Carr, Deputy Commissioner, who possesses a large experience of Police work and of general District administration. He will, under the supervision of the Inspector General of Police, organize the details of the new scheme; put the Police Superintendent in the way of satisfactorily discharging the duties of his important charge; and do all that may be needful for ensuring the successful working of the arrangements now ordered. The extent of the supervision and control he should exercise over the work of the Police Superintendent, the frequency and duration of his visits to the Fields, &c., are matters which must be left to Mr. Carr's estimate of requirements. It is, however, desirable that the special attention he is expected to devote to the Police of the Kolar Gold Fields should not be at the expense of the interests of the general administration of the district, in many parts of which, important duties will often claim his attention as Deputy Commissioner. Mr. Carr's endeavour should, therefore, be to place the Police, Magisterial and the general Executive Staff of the Kolar Gold Fields upon a satisfactory working basis as quickly as possible.

6. During his employment in the Kolar district in special connection with the arrangements now ordered, Mr. Carr, as Deputy Commissioner, will be given a special allowance of Rs. 300 a month.

7. The proposals of the Inspector General of Police for the additional Police establishments, &c., required for the Gold Fields are briefly as shown below :—

(1) The appointment of a Superintendent of Police of high status in the place of the present Assistant Superintendent of Police at an additional annual cost of Rs. 11,280.

(2) The increase of the establishment of the Superintendent's Office at an additional cost of Rs. 996 per annum.

(3) The enlargement of the Executive Police Force employed on the Gold Fields by raising the strength from 17 Officers and 85 men, costing Rs. 22,548, to 22 Officers and 125 men at a cost of Rs. 31,836. (Increase in cost—Rs. 9,288 per annum).

Under this head a small increase is made to the local allowance given to Head Constables, and a good service allowance proposed as an encouragement to Constables at the rate of one rupee after two years', two rupees after three years' and three rupees after five years' approved service.

(4) The increase of Miscellaneous charges, such as office contingencies, rewards, secret service, &c., by Rs. 2,230.

(5) The construction of buildings at a total estimated cost of Rs. 65,000, consisting of Police Lines for Constables (Rs. 35,000); Head Constables' quarters (Rs. 15,000); quarters for the Superintendent of Police (Rs. 10,000) and offices for the Superintendent (Rs. 5,000).

It is proposed that the Lines for the Head Constables and Constables should be constructed with corrugated zinc walls and Mangalore tiled roofs, so that they may be easily removed in the event of the locality first selected is found to be not sufficiently centrical or unsuitable in other ways.

(6) The entertainment of a special Detective Force consisting of a Chief Inspector, an Inspector, three Head Constables and fifteen Constables, and estimated to cost Rs. 12,000 per annum, for the special protection of the Mines, for the suppression of theft of gold, and

for watching the dealings of the employees of the Mines with persons in the neighbourhood. The Gold Mining Companies have agreed to pay Rs. 12,000 per annum as the cost of this Force.

8. The Government require no contribution from the Mining Companies towards the cost of the ordinary Judicial and Police establishments on the Fields, which will always be maintained according to the scale considered necessary from time to time. They are accordingly pleased to sanction the proposals referred to in clauses (1) to (5) of the last preceding paragraph, which involve an increased annual cost to the State of Rs. 23,794 for establishment, staff, &c., and a lump sum expenditure of Rs. 65,000 for buildings, as per details given in Statements A, B and C, appended to these Proceedings. The contribution of Rs. 12,000 per annum promised by the Mining Companies will, however, be accepted, as it is intended to meet the cost (as per appended Statement D) of the extra Detective Staff required to watch the outside dealings of the Companies' own employees under the special circumstances referred to in para 3 above, and of payments of rewards to informers; and the Comptroller will be requested to recover periodically from the Gold Mining Companies the contribution in question.

9. Pending the appointment and arrival of the proposed Superintendent of Police, the Inspector General of Police and the Deputy Commissioner of Kolar are requested to make all necessary arrangements, including, the entertainment of additional hands, for carrying out the scheme. The Chief Engineer and Secretary to Government, Public Works Department, is requested to take early steps for the construction of the buildings referred to above, bearing in mind the movable character of the Police Lines proposed to be built.

10. The Inspector General's recommendation to arm the Police of the Gold Fields with breech-loading guns, in the place of the muzzle-loading guns now in use, will receive separate consideration.

From

W. F. SMEETH Esq., M.A., A.R.S.M., &c.,
Secretary to the Government of Mysore,
Geological Department.

To

H.V.Nanjundayya Esq., M.A.,M.L

Secretary to Government,

General & Revenue Depts.

Dated } Bangalore, 20th January
Despatched } 1902.

Received

General No. 407-S
No.

Enclosure No.

Has the honour to acknowledge receipt of Memo No11585-55/1940, dated 11th January 1902, forwarding copies of two letters, as per margin.

2. With regard to the first letter, No. 2908/216, from the Inspector General of Police, the proposal in para 2 is to convert the Geological Office on the Kolar Gold Field into a Travellers' Bungalow and to give over the P.W.D. Lodge to the Geological Department instead. In para 1 of the same letter it is pointed out that the need of a Travellers' Bungalow practically

does

does not exist. The D.P.W. Lodge would be quite inadequate and unsuitable for a Geological Office. The undersigned will be prepared to consider the transfer of the present office buildings when Government definitely sanctions suitable accommodation both for the Office and for the Officers of Geological Department on the Gold Fields, but until this is done, he cannot agree to give up the accommodation at present provided, such as it is.

Secretary to Government,
Geological Department.

General and Revenue Departments.

Sir,

Referring to para 4 of Govt: Pros:No: 14898-903/J126(dated 10th instant,conveying sanction to the estimate of Rs.3,357 for constructing outhouses of the Police Superin--tendent's quarters at the Kolar Gold Fields,I have the hon(to forward the enclosed Revised abstract,amounting to Rs. 15,812 (excluding provision for "wire-fencing",disallowed) providing for the quarters and outhouses,and to request that you will be so good as to obtain the formal sanction of Government thereto,in order to regularize the transaction,as the cost of the work is debitable to the Police Budget grant--vide Pros:No.3257/J 342 dated 31st August 1900.

2. As regards the explanation required for the excess over the original estimate for the quarters,I have to state that in the original estimate of Rs.12,984 for this building a sum of Rs.1,507 was provided for outhouses,as per plan

then approved,but as the Deputy Commissioner accommodation provided insufficient,modified estimate and plan amounting to Rs.3,708 (herewith forwarded) were pre-pared,and this accounts for the excess.The estimate of Rs.3,357 for the outhouses sanctioned in para 4 of Govt Pros under reference does not provide for establishment and Tools and plant charges as remarked therein and they have been included in the Revised abstract estimate now submitted.

I have the honour to be,

Sir,

Enclosure No.

Superintending Engineer's No: 1266 dated the 18th instant, forwarding certain extracts on the proposed allocation of certain buildings in the Kolar Gold Fields and calling a report on the same.

In acknowledging the receipt of the above, I have the honour to report that the Inspection Lodge is the only building in the Kolar Gold Fields where Inspecting Officers can

put up when they go to the fields. If this lodge be given over to the Geological Department as proposed, there will be no accommodation for the inspecting Officers visiting the Fields. If however, the present Geological building be converted into a Travellers' Bungalow as proposed by the Inspector General of Police, the Inspection Lodge may be made over to the Geological Department, the inspecting officers finding accommodation in the new Travellers' Bungalow. It will thus be seen that if the Inspection Lodge has to be given over to the Geological Department, either the present Geological building will have to be converted into a Travellers' Bungalow or a new building will have to be erected for the use of the Inspecting Officers.

II The plan and estimate for constructing a Hindu Kitchen and outhouses to be attached to the Geological building will be submitted after obtaining the Countersignature of the Deputy Commissioner.

Camp Nandi Hills. ——

C. 2275 Dated 20th May 1902. ——

From,

W. E. L. Carr Esqre.
Deputy Commissioner
Kolar District

To,

H. V. Nanjundayya Esqre.
Secretary to the Government
of Mysore, Revenue and
General Departments

Sir,

With reference to Government Order No. 17574-7 / 15974 dated 1st May 1902, I would respectfully beg to make the following suggestions, as regards the use to which the present Geological building might be put, if the Chief Inspector of Mines has no objection.—

2. From the architecture of the main building with the godowns, and stabling etc. attached, I presume that at one time it was intended to be used as the dwelling house, and office of the Inspector of Mines

residing on the Gold Field. — 51

As however at present the building is not used as a residence, the Office staff of the Inspector of Mines which is an exceedingly small one, might I think be very conveniently accommodated in the South Wing of the main building.

3. This would leave the north-wing, the Centre hall, and two back rooms, for the accommodation of any of the Superior Officers of the Government, when on a visit to the Gold Field on inspection, or of Guests of the Mysore State on a Sight Seeing trip to the Mines. —

4. All that would be necessary for the Comfort of Indian Gentlemen, would be the erection of a Suitable and Separate Brahmin Kitchen and bathroom, at a convenient distance from the North wing.

5. As regards furniture and Cooking utensils, a certain amount is

available in the old Travellers ~
Bungalow at Champion Reef, ~
which can be transferred at once;
and if in addition to this, a sum
of Rs: 500/- was placed at my dis-
-posal, for purchase of bamboo
or coir matting, 3 or 4 iron Spring
cots, and the necessary furniture
for sitting and bedrooms, - I ~
think it would be easily possible
to convert the present building
into a very comfortable Inspection
Lodge or Guest House. —

b. A building of this sort has
been a very great desideratum
on the Gold Field for years past,
and I venture to think that the
above suggestions are practical
from all points of view, and will
meet the requirements of (a) the
Geological Department, as regards
the Inspector's Office; of (b) the P. W.
Department who will retain their
present little inspection lodge;
and of (c) the Superior inspecting

Officers of the State, who up to this time have had no convenient place to stop in when visiting the Gold Field, and have often had to force themselves on the hospitality of the Mines Officers.

7. If Government agree to my proposals, it will be necessary to transfer the present staff of Travellers Bungalow Servants to the Geological building.

8. If on the other hand the Chief Inspector of Mines finds it impossible to conveniently accommodate the Inspectors Office in the limited space above proposed, I would make an alternative suggestion, viz- that 3 good rooms with convenient bathrooms, should be built as an upper story to the present main building, for the

use of the inspecting officers and guests.

I have the honor to be,
Sir,
Your most obed't Servant,

D. Clan

FILE No. 13 of 1903

Read:-

Letter No.2428/408 dated 4th.December 1902,from the Deputy Commissioner, Kolar District,to the address of Secretary to Government,General and Revenue Departments.

--------000000----------

No. 230-5 / 1353-8 Dated Bangalore 11th.March 1903.

ORDER THEREON:- In the letter read above,the Deputy Commissioner asks for the transfer of the present Geological Office at the Kolar Gold Fields,for conversion as " Staff Quarters". The Geological Department having no objection to the above proposal,that Department has already been asked in General Secretary's No.1165 dated 10th.February 1903 to hand over the building together with all the outhouses,with the exception of the north wing,to the Deputy Commissioner,as early as possible. Formal sanction is now accorded to the transfer of the building accordingly.

2. The Deputy Commissioner also states that a suitable Hindu Kitchen is required and solicits sanction for the purchase of necessary furniture at a cost of Rs.300/-,and for the transfer of certain cooking utensils and other articles available in the old Travellers' Bungalow at the Fields,and of the existing Bungalow Staff,attached thereto. The Superintending Engineer, Eastern Circle,will be good enough to see to the construction of the Hindu Kitchen,referred to and to supply the furniture required after taking into account the articles available from the old Travellers' Bungalow. The question of the transfer of the establishment attached to the old Travellers' Bungalow to the new Staff Quarters,will be disposed of in the General Department.

No. C. 69/1204 Kolar Deputy Commissioner's Office
Chamberlain Rest
192/20 March 1903

From,

J. C. Lees Esqr.
Deputy Commissioner
Kolar District

To, H. V. Ranganadayya Esqr
Secretary to the Government
of Mysore Revenue and
General Departments.

Sir,

Adverting to correspondence end-
-ing with your memo No J 1182½ dated 10
February 1903 forwarding copy of your
letter to the Secretary to the Geological
Department requesting him to hand
over to me the present Geological Office
on the Kolar Gold Fields, which is to
be converted into a "Circuit House"
and with reference to the concluding
sentence of Govt. Proceedings No 230-5 / 1353-8
dated 11th March 1903 received toda

I have the honor to state that a
small establishment is absolute
-ly necessary to overlook the
premises, to attend to the wants of

of visitors, and to act as custodian of the Government property. —

2. Government in their order No. 12,898-903/J-1266 dated 10th March 1902, sanctioned my proposal to close to the public the former Travellers' Bungalow on the Field, and to utilize the building for the location of the Police Superintendent's office, my Camp office, and the Municipal Court. Consequently when making proposals to convert the Geological office into a Guest or Circuit House, I, in para 7 of my letter No. 2275 dated 18th May 1902, requested the sanction of Government to transfer the staff of servants from the old Travellers' Bungalow to the Circuit house. —

3. Having however received recently to this letter, I reduced the Travellers' Bungalow establishment

one servant (Engineer sweeper or Care-
-taker on Rs 8/- per mensem) who
was absolutely necessary for the
Supervision of the building and
furniture. — The Services of other
Servants were dispensed with from
the 7th September 1902, thus effecting
a Saving of Rs 36/- per month for
the last 6 months. —

4 For reasons stated in para 1
Supra, the following establishment
is necessary for the use of the "Circuit
House". —

1 Kolival on Rs 10/- per month. —
1 Maity on Rs 10/- per month. —
1 Gardener on Rs 10/- per month. —
1 Sweeper on Rs 8/ per month. —
1 Water Cart on Rs 30/- per month. —

Total Rs 68

N.B. The water cart will be dis-
-pensed with as soon as the Kolar
Gold Field Water Supply project
is completed, and a tap is given to
the Circuit house. —

Sanction is solicited to entertain the Establishment. — 72

5 I learn that at present the Geological Office has the following establishment.

1 Water cart Rs 30/- a month.
1 Gardener — Rs 10/- per month.
1 Water Cooly - Rs 7:8:0 per month.

Rs 47:8:0 per month

and that the services of these persons can be made over to the Revenue Department. This establishment will merge in the establishment proposed in para 4 above. —

6 The Geological Department asks that one or two barrels of water should be supplied them daily, for which half cost of the cart and waterman may be charged. This may I think be done. —

I have the honor to be,
Sir,
Your most obd't Servant

D. C Carr
Deputy Commissioner
Kolaba District

Government Proceedings

No. (D.P.W) 230-5/1353-8 dated 11th March 1903, Conveying sanction to the transfer of the present Geological office at the Kolar Gold Fields for ~~Govt~~ Conversion as Staff quarters.

SECTION— Rel

FILE No.— 13 of 01

SER VI No.— 28

2. Letter No. C.1204 dated the 19th March 1903, from the Deputy Commissioner, Kolar Dist; requesting sanction to the entertainment of an establishment at a Cost of Rs 68 per mensem for the use of the Staff quarters.

3. Letter No. 583-5 dated 16th May 1903 from the Secretary to Govt, Geological Department stating that he agrees to the

osposals made by the Deputy Com-
missioner for transferring the
tablishment attached to the
ological office at the Fields to
e Revenue Department and for
ditting the Geological department with half the cost
f the water-cart and waterman.
Order thereon. No. 1915-18 & 29/5/03.
J.Z. 1302

The following es-
tablishment for the use of the
Staff Quarters is sanctioned,
s recommended :—

1 Kotwal	at Rs 10	per mensem
1 Mairty	" 10	"
1 Gardener	" 10	"
1 Sweeper	" 8	"
1 Water-Cart	" 30	"
	Rs 68	per mensem

Secretary's Note
"Shall we say "Kotwal and Brahmin Cook"? or provide a separate Brahmin servant?
Leave out as was not [illegible] by Dewan [illegible] Councillor in passing the draft—

2. The establishment noted
in the margin, at present attach-
ed to the Geological office,

1 Water Cart	at Rs 30	a month
1 Gardener	" 10	"
1 Water-Coolie	" 7½	"

longer by that Department will be handed over to the transferred Deputy Commissioner, Kolar District, who is requested to absorb them in the Establish-ment now sanctioned for the Staff quarters. The Geological Department, may, as proposed by the Deputy Commissioner, be charged with half the Cost of the Cart and waterman so long as that Department is supplied with water.

3. The Deputy Commissioner's action in dis-pensing, with the services with effect from the 7th September 1902, of the servants attached to the Old Travellers' Bungalow with the exception of

f a caretaker on Rs 8, thereby 79
effecting a saving of Rs 36
a month is approved.

Minister has approved
for the issue of the
Order. Vide his note 27-5-03
